

Il nome MAJI deriva dal giapponese e significa "Davvero?", un'esclamazione di sorpresa, di stupore. Come se ci si chiedesse "Davvero ci si può sedere in quel guscio?" "Davvero è possibile combinare così tanti elementi all'infinito?" Maji è un originale sistema modulare per il Contract, l'ufficio o i luoghi d'attesa, versatile e adattabile a qualsiasi spazio. È composto da una parete imbottita, modulabile all'infinito che può avvolgere, come un guscio protettivo, i più svariati elementi quali, poltroncine, divani, mensole, appendiabiti.
