

DESIGN KAZUKO OKAMOTO

BISCUIT

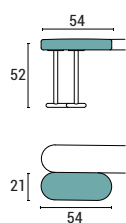

The modular Biscuit series owes to the minimal yet functional vision of Japanese design: since less is more, it combines essentiality and modularity. Biscuit is a series of benches and a small tables that can be clustered to host individuals or small groups in search for a place to work, waiting for their appointment or a connecting flight.

- 1 - dacron® fiber 100 gr;
- 2 - high resilience polyurethane foam of different densities;
- 3 - structural frame in plywood;
- 4 - circular varnished tubular metal frame.
