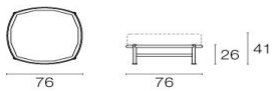
Antigua / Pouffe
Design / Federica Biasi

The inspiration comes from lines and geometries of the sea waves. The Antigua sofa collection combines soft aluminium shapes and light weave patterns creating design solutions that recall a feeling of authenticity and dynamism. The sofa collection shapes and sizes are designed with large and inviting seats evoking a perception of airiness and freedom. The aluminum main structure ensures durability and ease of movement making each element extremely versatile and suitable for different environments. The ergonomic support is guaranteed by many backrest cushions to offer a level of enveloping and modular comfort.

Description
Code: **1395+C/1395**
Typology: **Pouf**
Collection: **Antigua**

Static Load: 100 Kg
Cover: Yes
Cover Type: FC/1395
Cushion Material: Tessuto Basic|Tessuto Standard|Tessuto Exclusive
Seat Height: 41 cm

Technical Info



Width: **76 cm**
Depth: **76 cm**
Height: **26 cm**
Weight: **9.9 Kg**
Static Load: **100 Kg**

Packaging
Packages: **2**
Pieces for pack: **1**
Dimensions: **82x82x30 cm - 78x20x78 cm**
Volume: **0.322 mc**
Polyethylene bag and cardboard box

Materials

Aluminium
Aluminium alloys, particularly suitable for cold-working and for die-casting, appropriately treated to withstand the elements and powder coated.
Maintenance: To keep the product in good condition for a long time, we recommend cleaning it regularly; more often in very damp locations with a marine climate. It is recommended to clean the surfaces using a soft cloth with water or mild detergents. Prolonged and continuous exposure to intense UV radiation or very low temperatures can affect the initial characteristics of the coloured coating, which is made from polyester. We recommend cleaning and storing the products in sheltered places during prolonged periods of non-use and during the winter.
