**“In our universe, there are no rules or trends—there are languages: the language of designers and the universal language of design. And then there’s ours, which exists to bridge ideas and reality, concept and object, chairs and tables, in a dialogue without boundaries, where each part reflects the whole. And the beauty lies precisely in its diversity.”**

## **A dialogue in motion: continuing to explore design and functionality through an ongoing creative exchange**

**Designers from diverse cultural backgrounds bring an international breath to our work where, cultures, aesthetics, and sensitivities converge. It's from this web of creative connections that our strength is born: an open ecosystem capable of transforming diversity into design value. As we carry forward this journey, we expand our creative horizon through authentic and continuous listening. Diversity is no longer just a cultural vision: it becomes an ongoing dialogue with those who live with, touch, and use our creations. In this exchange, we deepen aesthetic verticality while broadening the narrative canvas: introducing unseen textures, uncharted material pairings, and details charged with the desire to inhabit.**

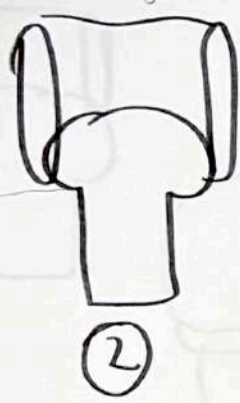

**Un dialogo in divenire: scoprire funzionalità e design attraverso uno scambio creativo continuo**

**Designer da background culturali eterogenei portano nel nostro lavoro un respiro internazionale, fatto di culture, estetiche e sensibilità differenti. È da questa rete di connessioni creative che nasce la nostra forza: un ecosistema aperto, capace di trasformare la diversità in valore progettuale. Nel proseguire il percorso avviato, allarghiamo il respiro progettuale grazie a un ascolto autentico e continuo. La diversità non è più solo visione culturale: diventa dialogo continuo con chi vive, tocca, utilizza. In questo scambio, non solo approfondiamo la verticalità estetica, ma allarghiamo la narrazione progettuale, introducendo textures inedite, accostamenti materici mai esplorati, dettagli che portano desiderio d'abitare.**

**Bold Soul is an essential chair with a strong expressive character. Its distinctive personality shines through in the play of forms—at times generous, at others refined—shaped by carefully considered curves, as well as by upholstery that balances precision with softness. The Bold Soul collection includes a dining chair with upholstered seat and backrest, available with either a metal frame or solid ash wood. A stool version with a metal frame is also available. Bold Soul brings together aesthetics and sustainability. Entirely disassemblable, it is designed for longevity and minimal waste, allowing for easy replacement of seat and back components over time.**

**Bold Soul è una sedia essenziale dalla grande forza comunicativa, Lo fa attraverso le sue forme, a tratti generose a tratti sottili, grazie alle curve delle strutture studiate nei raggi e negli spessori, e alle imbottiture, a tratti precise e a tratti abbondanti.**

E' disponibile anche la versione sgabello con struttura in metallo. Estetica e sostenibilità convivono in Bold Soul, che è completamente smontabile, garantisce una lunga durata del prodotto e riducendo gli sprechi nel tempo permettendo di sostituire facilmente sedile e schienale.**

# Cèpe Lounger

**The Cèpe Collection is founded on an organic modular concept, designed to adapt to a wide range of settings and design styles. It includes upholstered poufs in four different diameters, engineered to form free-flowing, flexible compositions. In addition, the collection features low tables with padded frames and tabletops in various finishes, ideal for completing lounge corners or reception zones. Now enriched by a new low, soft, and enveloping lounge chair, the collection represents the natural evolution of the project. This expansion reflects a coherent, gradual vision in which each element is born to dialogue with the others, all while retaining its own strong, autonomous identity.**

La collezione Cèpe prende forma attraverso una modularità organica, capace di adattarsi a diversi contesti e stili progettuali. È composta da pouf imbottiti in quattro diverse dimensioni, pensati per creare composizioni libere e flessibili, tavolini con struttura imbottita e piani di diverse finiture, ideali per completare angoli lounge o zone d'attesa. Oggi si arricchisce con una poltrona lounge bassa, morbida e avvolgente che rappresenta la naturale evoluzione del progetto, frutto di una visione coerente e graduale, dove ogni elemento nasce per dialogare con gli altri, pur mantenendo una forza identitaria autonoma.o.

You can choose between round or square tops in wood, marble, HPL, or plywood—according to your preferences. La collezione di tavoli Voilà è progettata per adattarsi a ogni spazio e stile. Le basi tavolo sono disponibili in tre altezze diverse, permettendo di creare l'ambiente perfetto per ogni occasione. Puoi scegliere tra piani tondi o quadrati, in legno, marmo, hpl o multistrato, a seconda delle tue preferenze. Inoltre, la versatilità delle basi Voilà ti consente di abbinare due elementi per supportare un piano rettangolare, offrendo così una soluzione pratica e elegante per le tue esigenze di design.

#### Arrmet Lab

Our workshop lies at the heart of the company's design and planning. It's the place for ideas and conversations. It's where our designs are shaped and given substance, with the same wholesome curiosity we had at the beginning, sixty years of experience, the visionary powers of the designers, our love for our work and a close-knit team. Using these tools we continue along our path of manufacturing well-designed products for an international audience, using the skills of Italian craftsmanship, to welcome you into the office, public spaces and into your home.
