

SPECIFICATION

Range: **HI-TECH**

Design: **Caimi Lab**

Codes: 414, 414-GR, 414-BO, 414-T, 414-GM, 414-ECO
415, 415-GR, 415-BO, 415-T, 415-GM, 404, 404-GR, 404-BO

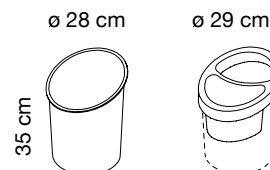

Codes: **414, 414-GR, 414-BO**

Dimension: height 35 cm, Ø 28 cm

Description: stackable wastepaper basket, made of black (code 414), grey (code 414-GR), or mat white (code 414-BO) polypropylene.

The upper rim is strengthened by ribbing and has a radius of 2 mm, to prevent injury due to accidental collision. The inclined rim makes the bin easier to use.

Accessories: liner holder

Codes: **414-T**

Dimension: height 35 cm, Ø 28 cm

Description: stackable wastepaper basket, made of translucent blue polypropylene.

The upper rim is strengthened by ribbing and has a radius of 2 mm, to prevent injury due to accidental collision. The inclined rim makes the bin easier to use.

Accessories: liner holder

414-T (TB)

Codes: **414-GM**

Dimension: height 35 cm, Ø 28 cm

Description: stackable wastepaper basket, made of metal grey painted high-tech polymer.

The upper rim is strengthened by ribbing and has a radius of 2 mm, to prevent injury due to accidental collision. The inclined rim makes the bin easier to use.

Accessories: liner holder

414-GM

Codes: **414-ECO**

Dimension: height 35 cm, Ø 28 cm

Description: stackable wastepaper basket, made in recycled wood fibre and polypropylene. The upper rim is strengthened by ribbing and has a radius of 2 mm, to prevent injury due to accidental collision. The inclined rim makes the bin easier to use.

414-ECO

Codes: **415, 415-GR, 415-BO**

Description: black (code 415), grey (code 415-GR), or mat white (code 415-BO) polypropylene liner holder ring with separate waste collection tray. The liner holder ring allows for separate waste collection of paper from other materials such as plastic, metal, batteries etc.

415

415-GR
