ENG

La collezione Arco nasce da uno studio di forme, proporzioni e dimensioni attentamente calibrate. Composta da sedia e sgabello, si distingue per lo schienale dalla forma curvata, che esce dal profilo della seduta, mantenendo una perfetta armonia nel suo insieme. Una lavorazione complessa che la rende leggera, ergonomica e solida al tempo stesso. La possibilità di imbottire schienale e seduta aggiunge comodità ed un tocco di raffinatezza. Semplice ma dalla grande personalità, la sedia Arco è impilabile, particolarmente adatta per a situazioni e contesti dove si desidera arredare con uno stile distintivo senza rinunciare alla praticità.

The Arco collection was born from a study of carefully calibrated shapes, proportions and dimensions. Composed of chair and stool, it is distinguished by the curved backrest, which rises from the seat profile, maintaining a perfect harmony. A complex process that makes it simultaneously light, ergonomic and solid. The possibility of padding the back and seat adds comfort and a touch of refinement. Simple but with great personality, the Arco chair is stackable, and particularly suitable for situations that call for a distinctive style without sacrificing practicality.

PULIZIA, USO E MANUTENZIONE

Per la pulizia periodica degli elementi in legno e metallo, si prega di utilizzare acqua tiepida e un panno morbido, eventualmente sapone neutro diluito in acqua, o prodotti consigliati per legno o metallo. Non utilizzare prodotti abrasivi o alcoolici. Dopo la pulizia asciugare il prodotto con un panno. Per pulire la tappezzeria, fare riferimento alla scheda del produttore. Per sollevare o spostare il prodotto afferrare saldamente la struttura e non parti di essa. Il prodotto non deve essere sottoposto a carichi decentrati ed è stato progettato per essere utilizzato in condizioni normali di appoggio. Non utilizzare il prodotto in modo inappropriato: non dondolarsi o sedersi sopra in modo errato, in quanto ciò può compromettere la stabilità, la durata del prodotto e la sicurezza dell'utilizzatore. Maneggiare con cura evitando urti o graffi con altri oggetti. Alla fine della vita del prodotto, tutte le parti devono essere smaltite secondo la normativa vigente. Cantarutti Srl, al fine di migliorare l'aspetto tecnico e qualitativo della sua produzione, ha il diritto di modificare, implementare, aggiornare e/o modificare i modelli in qualsiasi momento e senza notifica.

CLEANING, USE AND MAINTENANCE

For the periodic cleaning of wood and metal elements, please use warm water, and a soft cloth, eventually a neutral soap diluted in water or products recommended for wood or metal. Do not use abrasive or alcoholic products. After cleaning dry the product with a cloth. To clean the upholstery, please refer to the related manufacturing company. To lift or move the product, hold the structure firmly and not parts of it. The product must not be subjected to decentralised loads, it has been designed to be used in normal support conditions. Do not use the product in an inappropriate way: do not swing on or sit on it in an incorrect way, this may compromise stability and/or durability of the product and the safety of the user. Handle the product with care, avoiding impacts with other objects. At the end of the product's life, all parts must be disposed in accordance to the legislation in force. Cantarutti Srl, in order to improve the technical and qualitative details of its production, shall be entitled to amend, implement, upgrade and/or modify the models at any time and without notification.
