

CIRCUS
Table & Planter
By Formfjord

OFFECCT

PRODUCT INFORMATION

The main idea when Formfjord developed Circus was to think not only of the product they were developing, but also the whole living space where life happens. Formfjord wanted to see the whole living space as an arena, a circus.

"Circus defines the room and sets the atmosphere – it even changes the behavior of the room. Creating a playful design makes the living room a wonderful place", says Formfjord.
