Minimalistic icon without boundaries. Club sofa has been designed with simplicity and usefulness in mind and will transform any outdoor or indoor space thanks to its simple modular character and its durable materials. This sofa boasts simplicity, with clean lines and a minimalist design that exudes modern elegance. Its thick steel structure ensures durability, able to withstand even the toughest outdoor conditions. The loose cushions add an element of practicality in case of sudden rain. Club can match any decoration style, since it blends with the environment in a discreet way rather than being too noisy.

Care and Maintenance

Cleaning. Generally, it's recommended to clean lacquered surfaces regularly with a clean and dry microfiber cloth. A damp cloth can also be used followed by wiping with a clean and dry cloth. Stain removal. Acting quickly is paramount – otherwise the stain can bind to the surface and cause permanent damage. We always recommend to use neutral detergent dissolved in lukewarm water to clean surfaces. Please only use a neutral detergent – never use alcohol or other solvents. Any persistent stains can be removed with some drops of concentrated neutral detergent directly placed on the stain for 5 minutes and then wiped from the surface with a damp cloth. Do not rub firmly on the material as this can damage the surface. Always test stain-removal agents on a small, inconspicuous area before proceeding.
