Pouf and table combined TOM is a unique pouf that fits under an elegant coffee table. It's function and style merged into a new and innovative product concept. If you need an additional seat, you can simply take out the pouf. If not, the pouf fits under the table and creates an additional storage place for magazines, cell phones, remotes and other small items. The soft shape is inspired by antique barrel drums from Asia and adds a unique touch to the room.
