Verti, tradizione di oggi.

La cultura del fare, il senso dell'armonia e del comfort, la tradizione italiana del legno e le ispirazioni del migliore design europeo. Valori importanti che prendono forme concrete, accoglienti, durevoli. Dettagli costruttivi che donano una personalità speciale ad ogni pezzo. Pelli e tessuti scelti con cura, per garantire una qualità che dura nel tempo ed aggiungere ulteriori sensazioni tattili e visive, al calore del legno massello.

## Verti, tradition today.

Craftsmanship, harmony,  
comfort: traditional Italian  
woodworking at its best  
combined with top European design.  
Values that materialise in cosy,  
durable chairs, and details  
that give each piece its own  
unique personality.  
Fabrics and leather are  
carefully selected so as to  
guarantee long-lasting quality.  
The warmth of solid wood,  
the fine texture of the fabrics,  
the smell of leather and  
the beauty of the design:  
a feast for the senses.
