**Kragelund Furniture A/S**

Since 1978, Kragelund has been a supplier of commercial upholstery furniture based on the proud Danish tradition of furniture design and craftsmanship.

Our mission is to provide high quality at the right price. Quality understood as attractive commercial designs, with high comfort, solid craftsmanship and high durability complemented by a great service. The right price means that the perceived value of the product must be higher than the requested price.

As part of a large furniture group with its own production facilities in different parts of the world, Kragelund is continuously able to cost-optimize the production processes and sourcing of materials. Through our global supply chain we set high social and environmental standards to ensure that our ethical values are always followed.

It is our goal to ensure that Kragelund qualifies as your preferred supplier.

**Design**

Our Designs are developed by a team of internal and external designers. This ensures a span in our product range that meets our Scandinavian origins, but which also opens up for current international trends. Most products offer a variety of leg shapes and finishes as well as fabric and real leather surfaces for you to design the sofa of your individual preferences.

**Comfort and quality**

Aesthetics, comfort and durability must go hand in hand when designing a product. Through the use of HR foam in all of our seats combined with different types of fibres, pocket springs or foam/feathers and finger-jointed solid wood frames, we create the quality and comfort that lasts.

**On-time delivery in 4-6 weeks**

As each sofa is defined by your choice of shape and finish, we start production as soon as we have received your order and we deliver to the majority of the European markets in 4-6 weeks.

**Service**

As we honour our quality, our Danish based customer service who speaks multiple languages are always available if something is not as expected. We have basic spare parts at our head office in stock in Denmark for quick delivery if needed.
