P.CON 3D MODELS

As a manufacturer, Manade has chosen the pCon solutions for the 3D configuration of its products.

Upon request, Manade gives its partners and retailers access to the 3D models of its products, that can be used in the pCon softwares and apps.

One module consists of two uprights and one set of shelves.
 For each connected module, add one set of shelves and one upright.
 Each free standing module needs one back brace or one back panel.
 In compositions there has to be one back every 2 modules.

ARNAGE shelving

PICK'UP containers

Powder-coating

Stickers (p. 45)

Add behind the reference the colours in the right order: first for the module, then for the lids.
The mobile part for the swinging lid and the hinged lid is always colour-keyed to the module.
Coating for outdoor use available for all colours : + 25 % on the prices. Consult us.

PICK'UP containers : components

I design my own module choosing the separate components

Container lids

in different shapes according to the type of waste.

Container body (H. 68 cm)

supplied with a ring for waste bag
(1 bag included)

Extra casters (H. 72 cm) : add R behind SC.

I design my own module reference

In the reference of the container body I replace
«SC» with the digit codes for the lids («C122» in this
example) and add the colours at the end

- I receive my container ready for use
- I save packaging and time.

68 cm high waste containers

With pads, H. 68 cm. Extra casters, H. 72 cm : add R behind «SC»

1 x 60 L container	<i>PIC 60 SC</i>

Container & plant-it-yourself planter mix

I choose the several components.

The pot cover consists of 2 parts to fit easily on the planter.

It is an extra if you use a mulch cover.

There are different **lid** shapes to identify the type of waste

The body consists of 2 compartment types :

- container compartments
(rings for waste bags included)
- planter compartments
(pots for plants included)

I design my own reference

In the reference of the body I replace «SC» with the digit codes for the lids («C12» in this example) and add the colours at the end

- I receive my container ready for use
- I save packaging and time.

Container and planter mix (pots included)

Add the appropriate number of waste lids (see page 47)

1 x waste 60 L., 1 x planter with pot cover

PIC 2X60 SCB2

1 x waste 60 L., 1 x planter
