

ACCADEMIA

Design **Arter&Citton**

Tavolo con base metallica composta in tubolare a sezione rettangolare. Il progetto avviato per la realizzazione del tavolo Accademia, ricerca un concept estetico che riconduce alle strutture metalliche "aggregate".
Accademia con il suo formalismo "industrial" è disponibile in diverse finiture colore, con top in legno "grezzo" naturale, ceramica e laminato.

Table with a metallic structure made by rectangular tubular section. The design project of the Accademia table is based on the research of a concept that leads to the aggregation of metallic structures. With it's "industrial" formalism, it's available in various finishes, also with a recovered pine, ceramic or laminate top.
