

product name	NOX
code	1613
description	floor ashtray with waste basket
design	Raul Barbieri
year introduction	2002

dimensions	Ø 28 x h 76 cm
capacity	30 litres
net weight	6,00 Kg

materials & finishing	entirely in brushed stainless steel AISI 304 0,8 mm with invisible welding seams, safety rounded edges <b>internal bag holder</b> in stainless steel rod AISI 304 0,4 mm <b>floor protection</b> in rubber
recycling	100%
maintenance	use a soft cloth with normal glass cleaner or water and neutral soap, working in the same direction of brushes; <b>do not</b> use chemical products or abrasives.

special version	<b>for floor locking</b> <b>container base</b> with Ø 8,5 mm hole <b>spacer disk</b> to be placed between floor and base (aluminium Ø 7 cm x 1 cm, hole Ø 8,5 mm) <b>the locking screw is not provided</b> , due to the impossibility to foresee the different floor materials
-----------------	---

technical properties	given that in nature there is no existing material which is completely unaffected by atmospheric factors, <b>this ashtray is to be considered suitable for outdoor use</b> having shown only slight superficial changes when subjected to the corrosion resistance test of 500 hours exposure in a salt spray chamber; however <b>is not suitable for use in swimming pools and saunas</b> , where the atmosphere is loaded with chlorine, because specific antibacterial substances used for the routine sanitisation of fittings can cause powerful aggressive reactions capable, in the long period, of damaging its surface.
----------------------	---

fire reaction	<b>0 (zero)</b>
---------------	-----------------

packing	
1 carton	30 x 30 x 77 cm - 7,10 Kg
