# Pil too

Designer: Alessandro Busana

In Pil too, softness is evident even before you sit on it. Inspired by the object that is itself the symbol of softness, the pillow: usually interpreted as an accessory, here the pillow plays the starring role, shaped and adapted to create a chair that conveys comfort and relaxation. The main components of Pil too are the backrest cushion and the seat cushion. The latter features a fold in the middle, created to generate an enveloping

effect that physically and visually emphasises the feeling of softness. The base consists of metal legs, with the crossbars set at a special angle, to create an original graphic interweaving effect. In addition to the stool, another five chairs complete the collection: Pil, (chair), Pil up (chair with higher backrest), Miss Pil (chair with armrests), Miss Pil up (chair with higher backrest and armrests) and Pil armchair.
