# Vague

Designer: Roberto Paoli

The Vague magazine rack was born with a twin soul: its shape is in fact produced twice, once full as a base and secondly empty as a container. With its skilfully combined linear geometry and presented in two materials, Vague is a sculptural element that enriches any living area, a sophisticated interplay of volumes that makes it much more than a simple magazine rack. The metal upper section, which the concrete base elevates both in a physical and

figurative sense, is available in several colours and has a dual function: on the one hand it is a container for magazines or other objects and on the other it is a support surface which is ideal for placing near a sofa. The union between the solidity and fullness of the concrete and the lightness and versatility of the folded metal makes Vague an interesting and sophisticated piece of furniture and it is available in two different heights

**Data sheet**

#### Vague high

Width: 28cm

Depth: 28cm

Height: 54cm

#### Vague low

Width: 28cm

Depth: 28cm

Height: 44cm

## Top

### Metal

Painted metal  
Mat white

Painted metal  
Mat black

Painted metal  
Mat brown

Painted metal  
Mat anthracite grey

Painted metal  
Mat dove grey

Metal  
Supreme anthracite

### Special Metal

Metal finish  
Brown nickel

Metal finish  
Dark nickel

Metal finish  
Clouded chrome

### Plus Metal

Painted metal  
Mat lead

Painted metal  
Mat bronze

Painted metal  
Mat pearl gold

## Base

### Cement

**Cement**  
**Grey**
