

BONALDO

Remo

Remo, a seat with an evocative name, draws its inspiration from the image of a person rowing a boat across a stretch of water. In actual fact, the front and rear legs are joined as if to form a pair of moving oars. The pattern of the legs highlights this sense of dynamism, while the continuity in the frame enhances

the warmth and solidity of the solid wood which is available in different shades. The curved back makes this seat welcoming and ideal for placing around a table in the dining area or for greater comfort in a work space.
