THE HUNTINGTON

RUG COLLECTION

A remarkable design chapter unfolds with Morris & Co. x The Huntington, a collection rooted in recently uncovered artwork from William Morris and his legendary studio. Honouring the founder's enduring legacy and the creative path he forged over a century ago, these archival masterpieces have been meticulously completed and translated into a striking range of rugs. From intricate floral repeats to elegant, hand-drawn motifs, each piece celebrates the timeless Arts & Crafts movement, beautifully reimagined for underfoot.

LENT LILY

Based on a rarely seen watercolour design from The Huntington's archive, Lent Lily stays true to the original sketch by beautifully retaining its hand-drawn movement. Showcasing stylised pointed tulips, acanthus leaves, and wild daffodils, this elegant composition is reimagined as a hand-tufted rug in a rich, dramatic palette of Plum and Bayleaf and a deep, striking palette of Indigo and Madder.
