

La flessibilità dei pannelli Arianna permette di ottenere configurazioni dritte o curve semplicemente avvicinando o allontanando i montanti.  
*The suppleness of Arianna panels allows to obtain straight or curved compositions, simply by moving the uprights closer or away.*  
*La souplesse des panneaux Arianna permet d'obtenir des compositions droites ou courbes par simple déplacement des montants.*  
*La flexibilidad de los paneles Arianna permite configuraciones rectas o curvas simplemente acercando/alejando los laterales.*  
*Durch die Flexibilität der Arianna-Paneele können diese gerade oder gebogen aufgestellt werden, indem die Distanz zwischen den Stehern verändert wird.*

I pannelli cod. 6312 e 6312-M possono facilmente essere personalizzati tramite stampa serigrafica o stampa digitale.

Poiché il pannello è semi-trasparente, la stampa è possibile su un solo lato.

*The panels codes 6312 and 6312-M can be easily customized through screen printing or digital printing. Since the panels are semi-transparent, the printing is possible on one side only.*

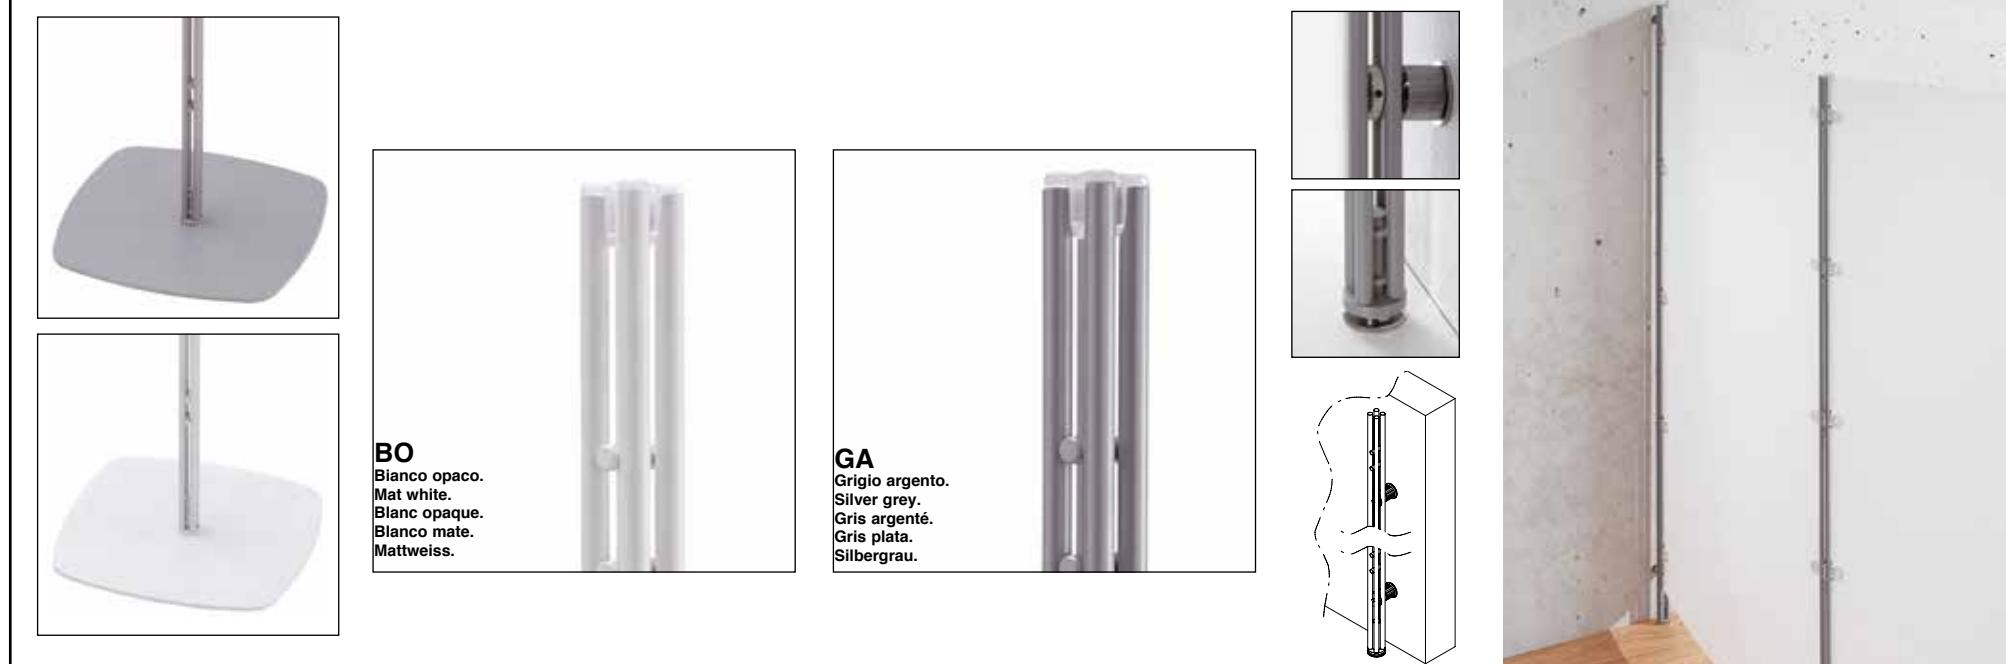

*Les panneaux réf. 6312 et 6312-M sont facilement personnalisables grâce à l'impression sérigraphie ou numérique. Vu que le panneau est semi-transparent, l'impression n'est possible que d'un seul côté.*

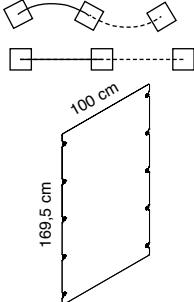

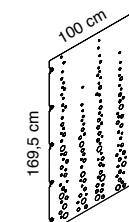

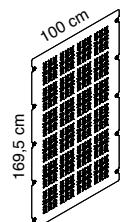

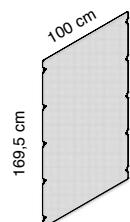

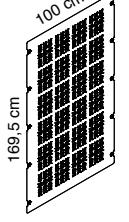

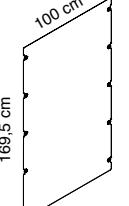

*Los paneles cod. 6312 y 6312-M se pueden fácilmente personalizar mediante impresión serigráfica o impresión digital. Desde el panel es semitransparente, la impresión sólo puede realizarse por un lado.*

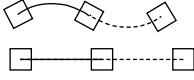

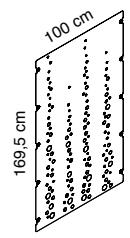

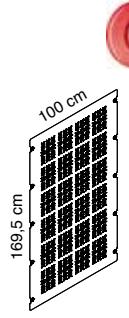

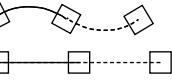

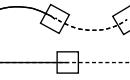

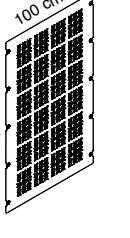

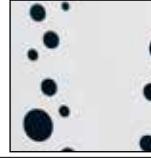

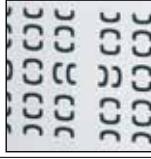

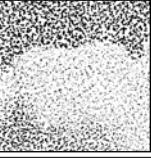

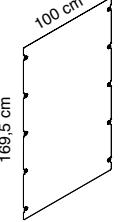

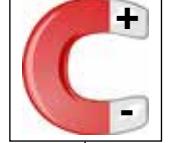

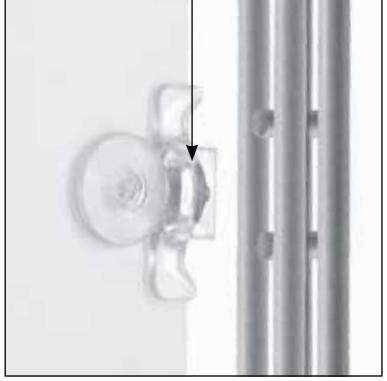

*Die Paneele Art. 6312 und 6312-M sind leicht durch Siebdruck oder Digitaldruck individuell zu gestalten. Da das Paneel halbdurchsichtig ist, kann nur eine Seite bedruckt werden.*
