design Stokkeastad
2009

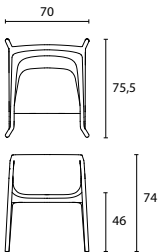

The armchair, which is available completely upholstered either in fabric or leather, is born from the desire to realize a product that creates a space for itself. The extruded armrests delineate an area into which the user enters when he sits down. The same armrests also offer comfort and an inviting space whilst adding a distinctive character to the chair. The form of the chair is clear and decisive with a strong profile and clean lines while the inside is softer and moulded to accommodate the user.

MATERIALS AND FINISHES

Upholstered: fire resistant cold formed foam.
Internal structure: metal.
Cover: fabric or leather.

FABRIC-LEATHER / TESSUTO-PELLE p.150-152

Flukso Extrema AU

*Available only for projects, minimum quantity 20 pieces.
Disponibile solo per progetti, minimo d'ordine 20 pezzi.

La sedia a pozzetto, completamente imbottita e rivestita in tessuto o pelle non sfoderabili, nasce dal tentativo di creare un prodotto che delimiti lo spazio circostante. La particolare forma della seduta e dei braccioli conferisce all'ambiente circostante un'atmosfera familiare ed accogliente. Si tratta di una sedia di carattere, dalle linee pulite, esternamente rigorosa e decisa, internamente modellata e morbida.

MATERIALI E FINITURE

Imbottitura: espanso schiumato a freddo ignifugo.
Struttura interna: metallo.
Rivestimento: tessuto o pelle.
