## SEMINATURAL TREES

Since the beginning of its history, ila has adopted the Seminatural philosophy in the production of trees and plants. The combination of 100% natural trunks (sourced from environmentally-friendly areas and treated with anti-age and parasitic treatments), the finest man-made leaves and the authentic Italian craftsmanship is what makes our timeless creations so special.

Each ila tree is a **unique piece**, designed to enhance the beauty of nature and of the surrounding environment.

**Natural trunks and  
artificial greeneries  
perfectly combined  
by Italian craftsmanship**

## Tailored Trees

Thanks to the advanced production techniques which merge high-quality materials with the Italian spirit of craftsmanship, all our seminatural trees and plants are completely **customizable**.

Height, trunk, foliage and model of the trees can be tailored upon our clients' specific requests and tastes.
