

GENERAL CATALOG 01/2022

Manade, quite a story

Between the parisian shop ...

A French company, Manade has been actively participating in the history of office space design since 1972.

Following the success of its eponymous collection of accessories, Manade has extended its expertise in the key areas of workstation ergonomics, with the well being of people in the office as a guideline.

... and the factory in Sarthe

All our products are designed in our Research Department and assembled in our factory.

Manade is ISO 9001 and ISO 14001 certified.

Our industrial anchoring comes in support of our commercial action, based on the quality and the reliability of our products and on the respect of our commitments.

NEW

Design Emmanuel Gallina

Choose the divider

Divider with patterns

- Art Déco collection, 6 patterns
- Green collection, 5 patterns
- Landscape collection, 2 patterns

Width : 110 cm

Height : 250, 200, 110 and 90 cm.
Sakura, additional height : 155 cm

Design options

Patterns cutouts are not removed. This allows 2 design options

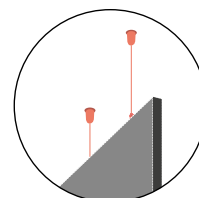

- Openwork patterns
- Relief patterns

Cutouts can be removed at the factory with an extra cost, but would not be supplied.

Choose fixing options

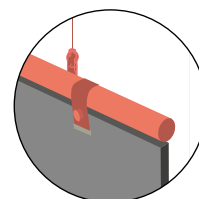

Ceiling suspended CA

2 suspension lines L. 2000 mm.
Adjustable height from 100 mm to 2000 mm.

Ceiling suspended on a wooden bar TR

Wooden bar suspended from the ceiling and attached to the divider with 2 straps.
Adjustable height from 100 mm to 2000 mm.

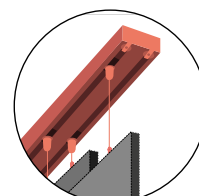

Rail suspended (rail not included) RA

2 suspension lines L. 1500 mm
Adjustable height from 100 mm to 1500 mm.

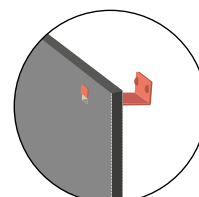

Add the rail

2 grooves allow sliding of the suspended dividers in 2 rows.

Wall mounted MU

2 wall plates.
Wall spacing : 50 mm

manade

ECLIPSE room dividers

Standard width 1100 mm

Pattern cutouts are not removed unless required (extra cost)

PICK'UP containers : components

I design my own module choosing the separate components

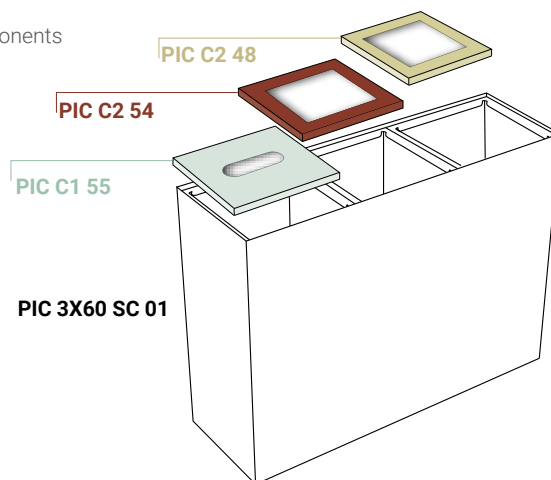

Container lids

in different shapes according to the type of waste.

Container body (H. 68 cm)

supplied with a ring for waste bag
(1 bag included)

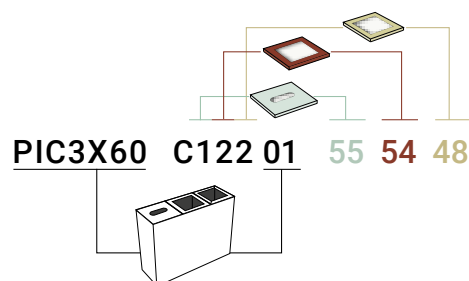

Extra casters (H. 72 cm) : add **R** behind **SC**.

I design my own module reference

In the reference of the container body I replace
«SC» with the digit codes for the lids («C122» in this
example) and add the colours at the end

- I receive my container ready for use
- I save packaging and time.

Waste container

With pads, H. 68 cm. Extra casters, H. 72 cm: add R behind «SC»

1 x 60 L container	<i>PIC 60 SC</i>
H. 68 x L. 30 x D. 30 cm	
1 x 60 L, 1 X 30 L container	<i>PIC 60 30 SC</i>
H. 68 x L. 45 x D. 30 cm	
2 x 60 L container	<i>PIC 2X60 SC</i>
H. 68 x L. 60 x D. 30 cm	
3 x 60 L container	<i>PIC3X60 SC</i>
H. 68 x L. 90 x D. 30 cm

PICK'UP planters: plant-it-yourself

The pot cover covers the edges of the pot to achieve a neat finish.
The pot cover consists of 2 parts to fit easily on the planter.
It is an extra if you use a mulch cover.

The planter is fitted with a watertight pot.

Mind the size of the pot when choosing your own plants.

Container & plant-it-yourself planter mix

I choose the several components.

The pot cover consists of 2 parts to fit easily on the planter.

It is an extra if you use a mulch cover.

There are different **lid** shapes to identify the type of waste

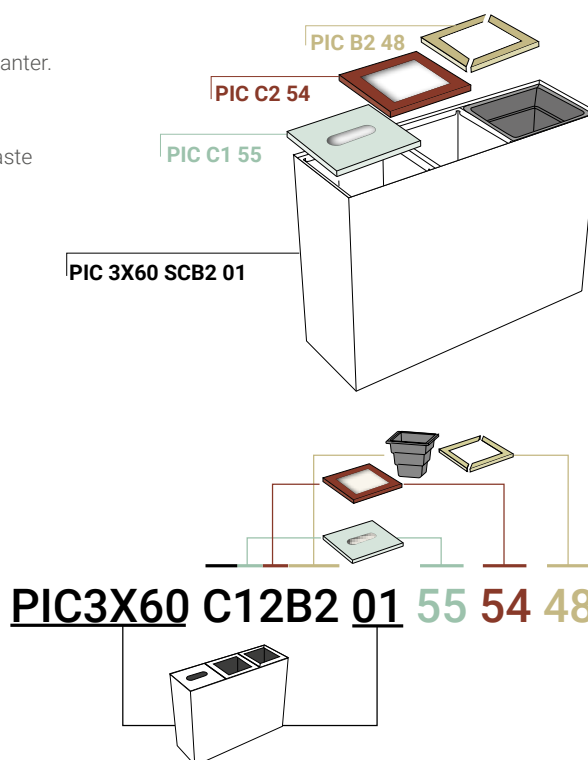

The body consists of 2 compartment types :

- container compartments
(rings for waste bags included)
- planter compartments
(pots for plants included)

I design my own reference

In the reference of the body I replace «SC» with the digit codes for the lids («C12» in this example) and add the colours at the end

- I receive my container ready for use
- I save packaging and time.

Container and planter mix (pots included)

Add the appropriate number of waste lids (p. 69)

1 x waste 60 L, 1 x planter with pot cover

1 x waste 60 L, 1 x planter

H. 68 x L. 60 x D. 30 cm

PIC 2X60 SCB2

PIC 2X60 SCB1

2 x waste 60 L, 1 x planter with pot cover
