

CONTRACT

COLLECTION 2026

MORE THAN FURNITURE

We do not create furniture simply to look good.

We design collections for spaces that are truly lived in every day - hotels, restaurants, apartments, and contemporary private interiors.

By combining comfort, timeless design, and contract-grade durability, we create furniture made for real-life use.

MADE FOR REAL SPACES

We create furniture for interiors that are meant to perform in everyday use. From boutique hotels and premium apartments to restaurants, lobbies, and lounge areas.

Each project can be tailored in terms of dimensions, fabrics, and the overall character of the interior.

BETTER COMFORT

Comfort is more than just a soft seat. It is about proportions, ergonomics, and the way furniture functions in everyday living.

Our collections are designed for interiors where design and daily life should work together seamlessly.

CONTRACT QUALITY

Our furniture is designed for intensive use and demanding commercial projects. We collaborate with architects, investors, and the HoReCa sector, offering solutions tailored to contract interiors.

Design, durability, and customization - without compromise.

NOEMI

F

NOEMI is a collection comprising an armchair together with two- and three-seater sofas, designed for hospitality, workplace and shared-use environments. Its distinctive rounded armrests seamlessly integrated with the backrest create a recognizable silhouette, while the slim metal base gives the collection a lightweight appearance. Built on a beechwood frame and supported by zig-zag springs with polyurethane foam, NOEMI is developed for durability and everyday use in contract interiors. The cohesive design language across all elements makes it ideal for hotel lobbies, waiting areas and lounge spaces.

ELZA

MF

ELZA is a collection comprising an armchair together with two- and two-and-a-half-seater sofas, developed for hospitality, lounge, waiting and workplace environments. Its distinctive rounded armrests and generously cushioned backrests create a welcoming contemporary appearance. Built using a beechwood and plywood frame with zig-zag springs and HR foam cushions, the collection delivers the durability and comfort required for contract applications. Removable seat and back cushions, together with zip-off covers, provide a practical solution for maintenance in high-use hospitality interiors.

Vintage armchair & 2-seater sofa

VINTAGE

MS

VINTAGE is a collection comprising sofas, an armchair and a chaise longue, designed to create cohesive seating solutions for hospitality, workplace and residential environments. Its distinctive feature is the high armrest structure seamlessly integrated with the backrest, giving each piece a defined architectural appearance while enhancing user comfort. The compact proportions allow for efficient space planning in hotel lobbies, executive offices, waiting areas and lounge spaces. With a range of complementary seating elements, the collection enables designers to create consistent interior concepts tailored to specific project requirements.

Lullaby Aquaclean
weight 533 gsm / 15.72 oz yd2

Lullaby Aquaclean is a soft, textured, fire retardant chenille fabric with the market leading Aquaclean technology making it a great choice for contract upholstery.

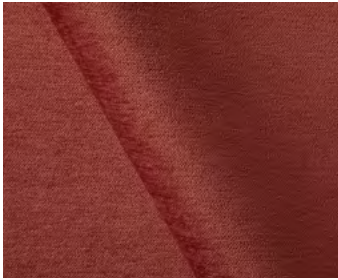

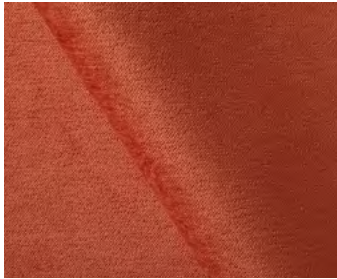

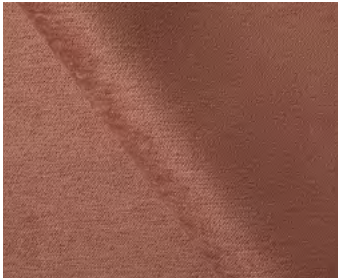

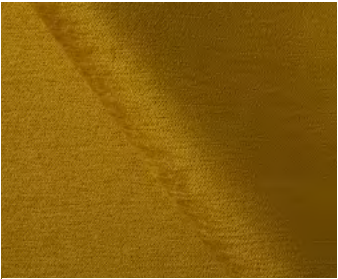

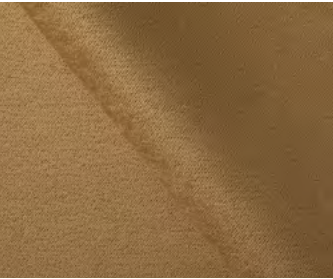

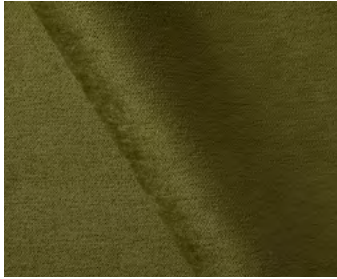

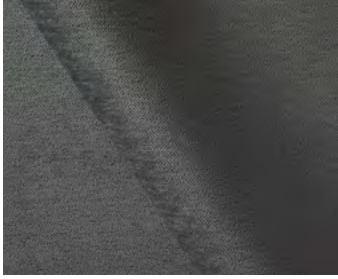

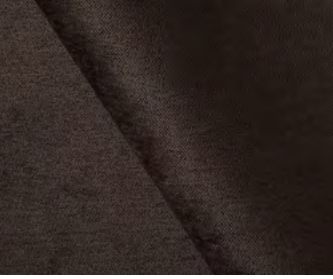

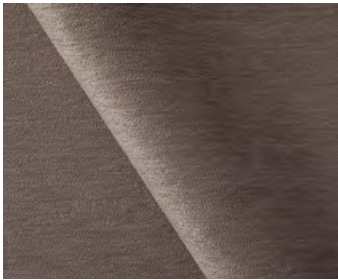

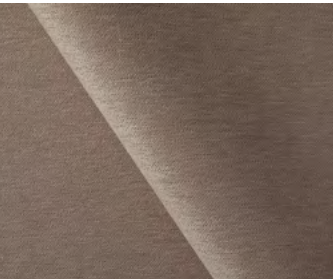

Designed for environments where durability and easy maintenance are key, Aquaclean with Safe Front helps to resist everyday staining making it easier to clean, typically using just water and a clean cloth, which is fantastic for those high traffic commercial areas.

This fabric is halogen free, PFC free, REACH and OEKO TEX Standard 100 compliant, OEKO TEX STeP, zero waste certified and manufactured using 100% renewable electricity.

Icon FR Velvet

Weight: 512gsm / 15.10oz +/-

A high performance, semi-plain velvet presented in a comprehensive colour palette covering muted, soft tones and deeper, more vibrant colour options. The texture of Icon is tactile, smooth and soft. A reassuringly robust and practical hospitality standard upholstery fabric.

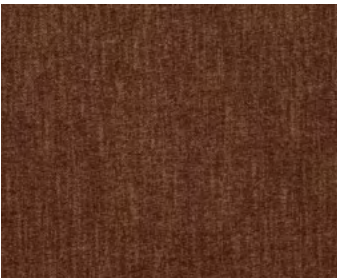

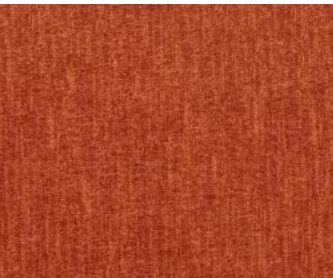

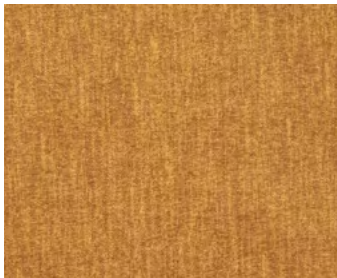

Icon includes our Everclean+ soil release and anti-viral finish. Everclean+ is water and oil repellent as well as stain resistant, meaning the fabric will stay looking its best with minimal maintenance. Icon meets UK, US and IMO hospitality upholstery standards.

This fabric is fully REACH compliant with a halogen free fire retardant and manufactured to Oeko Tex Standard 100.

Darwin Aquaclean

Weight: 660gsm / 19.47osy +/-

Darwin Aquaclean is an exciting and versatile fabric with a unique look. There is a natural quality to the way the multi-colour flecks adds interest to the weave offering the perfect balance of colour. Incorporating Aquaclean technology and with a rub test exceeding 60 000 cycles and meeting UK and international FR standards (including BS7176 Medium Hazard, CAL 117, NFPA 260 and IMO)

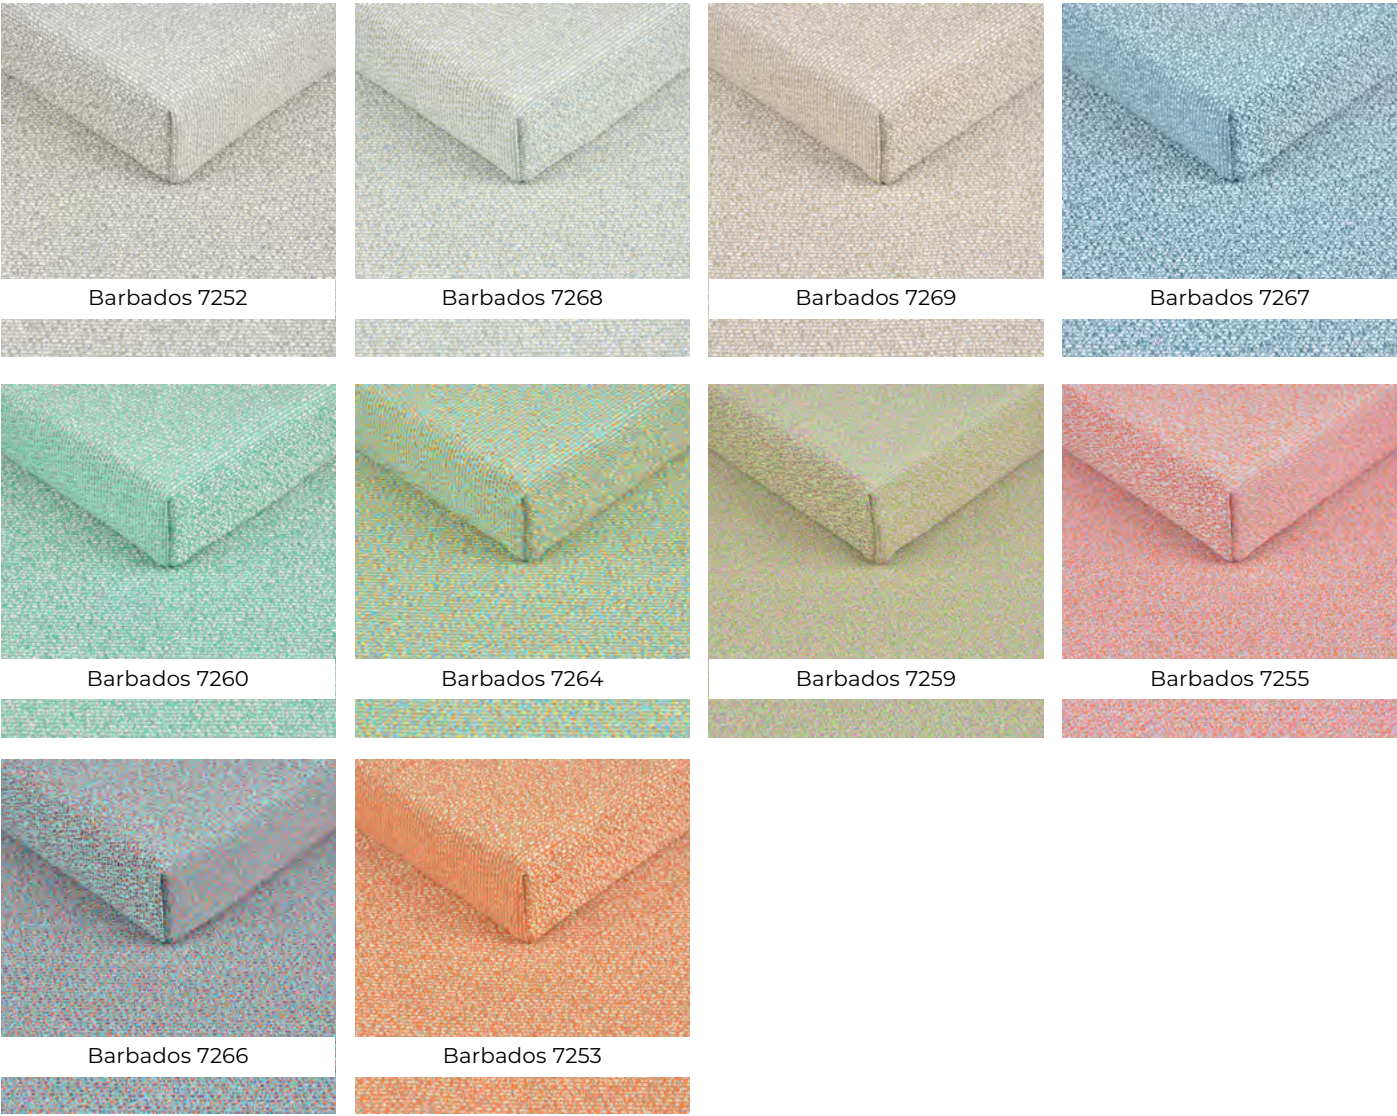

Darwin Aquaclean is ideally suited to severe contract and hospitality upholstery applications.

This fabric is halogen free, PFC free, REACH and OEKO TEX Standard 100 compliant, OEKO TEX STeP, zero waste certified and manufactured using 100% renewable electricity.

Fabric outdoor

Barbados Standard Colours

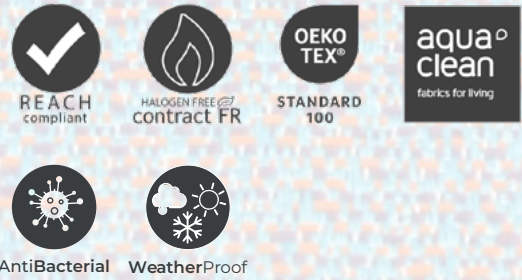

Barbados Outdoor

Weight: 350 g/m² ± 5%

Barbados is a durable outdoor fabric made from 100% olefin, designed for both residential and commercial applications where performance and longevity are essential. Its woven texture offers a contemporary look while providing excellent resistance to abrasion, pilling and fading.

Engineered for outdoor use, Barbados features waterproof, antibacterial and flame-retardant properties, making it ideal for terraces, gardens, hospitality venues and high-traffic environments. The fabric also benefits from Cleanaboo and Cleanaboo+ technologies, helping to reduce liquid absorption and simplify everyday maintenance.

The visualisations, photographs and designs presented are intended for inspirational and illustrative purposes only. Some materials have been created using Artificial Intelligence (AI) technology to demonstrate possible interior arrangements, product applications and design concepts.

The visualisations are provided as supporting reference material and do not constitute technical product documentation. Their purpose is to present the aesthetic qualities, character and potential applications of the products and solutions offered.

All photographs, visualisations and designs are protected by Copyright and Design Rights and remain the property of the furniture manufacturer. Please note that the copyright and design rights for certain materials may also belong to third parties. Any copying, reproduction, publication, distribution, modification or use of all or part of these materials without the prior written consent of the furniture manufacturer or the relevant rights holder is strictly prohibited and may constitute an infringement of intellectual property rights.

All rights reserved.
