Melamminico

E' un rivestimento prefinito e viene ottenuto utilizzando carte (stampate) impregnate e spalmate sul lato decorativo con resine melaminiche (es. pannelli di truciolare o mdf) garantendo ottima stabilità e una sufficiente resistenza all'usura.

/ Melamine

It is a prefinished covering and it is obtained by using impregnated and coated papers on the decorative side with melamine resins (ex. Chipboard panels or mdf) guaranteeing an excellent stability and a sufficient wear resistance.

CLEAF

Marmo: una finitura morbida e setosa che si abbina a decorativi tinta unita o effetto pietra.

Legno: l'effetto spazzolatura tipico delle essenze lignee lavorate da abili mani artigiane.

Beton: Ispirata alle murature urbane dell'architettura industriale, ripropongono la profondità di una parete in calcestruzzo o intonaco spatolato.

Marble: A soft and silk-smooth finish that can match solid colour or stone elements.

Wood: The brushed effect typical of the wood essences worked by skilled handcraft.

Beton: Inspired by urban walls typical of industrial architecture, reintroduce the depth of a concrete or plaster wall.
