

## WOOD

Sofa

### Description:

Get creative with the innovative sofa WOOD. The back cushions can be placed anywhere on the wooden back frame, and the two seat cushions can be moved individually to the front to make more space for lounging. On the back frame there is room enough for a lamp, a laptop or a glass of wine, which makes WOOD perfect for sitting, relaxing, working, reading and sleeping.

Year of design: 2019

### Design: Jakob Schenk

In his early career designer Jakob Schenk studied interior architecture at the University of Applied Sciences in Rosenheim. After graduation he joined the Master's Program for furniture design at the Aalto University in Helsinki. Today he is back in Germany and has founded his own company, where he is now designing and developing furniture.
