General description:

Ben, versatile, compact auxiliary furniture, easy to move.

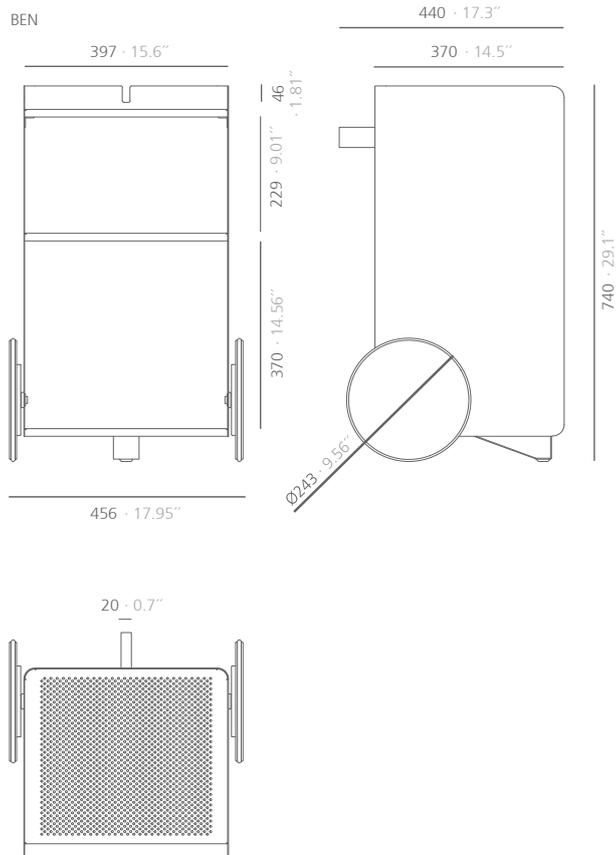

It stands out for the size of its wheels finished in natural oak and its knob made of solid natural oak wood. Manufactured in painted steel finished with thermo-hardened powder paint lacquered in the oven.

Designer: Estudio Enblanc.

Technical description:

Material: Steel.

Dimensions: 456x440x740mm 17.95x17.3x29.1"

SI units: mm

Finishes:

Structure								Knob and wheels
								
textured white	textured black RAL 9011	textured forged grey	matte grey beige RAL 1019	textured red RAL 3001	textured blue RAL 5011	textured garnet RAL 3005	textured red sirung	natural oak
*Polyester paint								

For its use in humid zones, an additional primer process is required before the paint.
For finishes and special dimensions please consult.

Maintenance:**-Wood:**

We recommend using a cloth or cleaning products for natural wood. Avoid using products containing solvents and/or alcohol.

-Polyester Paint:

For dry dirt (dust), use a damp cloth. For greasy/oily stains (fingerprints), wipe with a sponge with water and dishwashing liquid. Rinse with a damp cloth. Avoid using products containing solvents and/or pure ethyl alcohol.

-Aluminium-metal-glass-melamine-plastic:

We recommend using normal cleaning products for delicate surfaces. Alcohol, solvents and abrasive agents must be avoided.
