90 years of design

A word cloud visualization of the word "hospitality". The word is repeated in various sizes, weights, and orientations. A large, bold, dark red "hospitality" is oriented vertically on the left side. Other instances of the word are scattered across the center and right, in different shades of red and brown, some horizontal and some slightly angled. The background is white.

**furnishing is
our passion**

An abstract graphic featuring the word "contract" repeated multiple times. The text is rendered in a bold, sans-serif font and is oriented in various directions, including horizontal, vertical, and diagonal. The colors used for the text include dark blue, light blue, grey, and white. The background is a solid, muted blue. The overall composition is dense and layered, with some text appearing to be in the foreground and others receding into the background.
