Design by Sascha Sartory, 2018

Pouf and table combined TOM is a unique pouf that fits under an elegant coffee table. It's function and style merged into a new and innovative product concept. If you need an additional seat, you can simply take out the pouf. If not, the pouf fits under the table and creates an additional storage place for magazines, cell phones, remotes and other small items. The soft shape is inspired by antique barrel drums from Asia and adds a unique touch to the room.

Care and Maintenance

Cleaning. Generally, it's recommended to clean lacquered surfaces regularly with a clean and dry microfiber cloth. A damp cloth can also be used followed by wiping with a clean and dry cloth. Stain removal. Acting quickly is paramount – otherwise the stain can bind to the surface and cause permanent damage. We always recommend to use neutral detergent dissolved in lukewarm water to clean surfaces. Please only use a neutral detergent – never use alcohol or other solvents. Any persistent stains can be removed with some drops of concentrated neutral detergent directly placed on the stain for 5 minutes and then wiped from the surface with a damp cloth. Do not rub firmly on the material as this can damage the surface. Always test stain-removal agents on a small, inconspicuous area before proceeding.
