Relax in elegant comfort The curvy lines of EASY invite you to relax in elegant comfort. Use EASY to lounge, as a pouf, tray table, seat and more. Folded or open, stacked or by itself? Simply play around and discover the many ways to use EASY. Available in materials for outdoor and indoor use.

Design Vision

This is one of those marvellous ideas that almost sketches itself on the designer's sketch pad. A rectangular, elegant, curvy cut – and there you have it : a deliciously comfortable low chaiselongue. This tightly upholstered foam block can serve as a pouf, tray holder, baby changing surface, seat and a million other things. The block unzips and unfolds into a wide, comfortable piece of furniture to chill out on. For relaxing as you watch your big flat-screen TV, for the children to jump on and turn somersaults down the slope, or for those well-earned after-dinner naps. Finally, two EASYs can be put together, wave against wave, to make a great place for a night's sleep.
