With the addition of a table for the OPERA series, even more functions and possibilities have been added to the flexible and versatile family. The table's design matches the softly rounded corners of the upholstered furniture, and the dimensions of the table top harmonise with the back and sides of the seating furniture. Combined with the OPERA partition wall, intimate and informal meeting rooms can be created. The new table is an important supplement to any group arrangement of the OPERA series' seating furniture with both high and low backrest.

Care and Maintenance

Cleaning. Generally, it's recommended to clean lacquered surfaces regularly with a clean and dry microfiber cloth. A damp cloth can also be used followed by wiping with a clean and dry cloth. Stain removal. Acting quickly is paramount – otherwise the stain can bind to the surface and cause permanent damage. We always recommend to use neutral detergent dissolved in lukewarm water to clean surfaces. Please only use a neutral detergent – never use alcohol or other solvents. Any persistent stains can be removed with some drops of concentrated neutral detergent directly placed on the stain for 5 minutes and then wiped from the surface with a damp cloth. Do not rub firmly on the material as this can damage the surface. Always test stain-removal agents on a small, inconspicuous area before proceeding.
