

Designed by Patricia Urquiola, the Clap chair was conceived specifically for the contract segment to extend Kartell's Soft line.

Clap comes in eight colour combinations and features seating in an elegant and functional hexagonal fabric that can satisfy the most varied furnishing needs. It also has a very sturdy plastic frame, created using the latest industrial technology.

**In order to better satisfy the needs of common areas, Clap is also available in a personalised version with fabrics provided by the client, for orders of at least 10 items.**
