MY YOUR è una storia, una famiglia e un'azienda di design italiana.
 MY YOUR si è evoluta, nel corso del tempo, trasformando e migliorando il proprio design e implementando le innovazioni tecnologiche di pari passo con la propria brand identity.
 MY YOUR presenta oggi la sua nuova e consolidata identità di editore e produttore di arredi e complementi che aiutano a creare spazi dalla forte personalità, senza mai trascurarne l'eleganza della forma e l'eccellenza qualitativa.
 MY YOUR diventa così un'esperienza di successo, interamente sviluppata e prodotta in Italia, sia come marchio, sia come linguaggio estetico e funzionale delle proprie collezioni outdoor.

MY YOUR is a story, a family and an Italian design company.
 MY YOUR has evolved itself, over time, transforming and improving its design and implementing technological innovations alongside its brand identity.
 Today MY YOUR introduces its new and consolidated corporate identity as editor and producer of furniture and accessories that help to create spaces with a strong personality, without neglecting its elegance of form and quality excellence.
 MY YOUR thus becomes a successful experience, entirely developed and produced in Italy, both as a brand and as an aesthetic and functional language of its outdoor collections.

L'evoluzione di MY YOUR porta in sé i valori di **tradizione** della grande manifattura italiana, di **innovazione tecnologica** e di costante **ricerca** di materiali e soluzioni costruttive per proporre prodotti ergonomici, eleganti in grado di comunicare relax a prima vista. La **creatività** di ogni progetto è per MY YOUR il fondamento costruttivo per sviluppare e industrializzare l'impensabile, e per offrire stili diversi in grado di soddisfare il cliente con la sua ampia scelta.

La **sostenibilità** è un valore inscindibile dal concetto di outdoor. L'attenzione e la cura dei dettagli di MY YOUR rivolta a questo tema sta spingendo sempre di più verso un utilizzo dei materiali e di processi costruttivi che implementino in futuro un sistema di economia circolare, in grado di minimizzare l'impatto ambientale della produzione industriale, totalmente realizzata in azienda. Essere sostenibile per MY YOUR significa, pertanto, reinterpretare il concetto di design come espressione della forma in un contesto mondiale in cui l'ambiente necessita la priorità.

MY YOUR evolution brings in itself the values of the great Italian manufacture **tradition**, of the **technological innovation** and the constant **research** of materials and constructive solutions to offer ergonomic products, elegant able to communicate relaxation at first sight. The creativity of each project is for MY YOUR the constructive foundation to develop and industrialize the unthinkable, and to offer different styles able to satisfy the customer with its wide choice.

Sustainability is an inseparable value from the concept of outdoor. The MY YOUR attention, focused to this issue, is driving more and more towards the materials use and construction processes that will implement a system of circular economy in the future, able to minimize the environmental impact of the industrial production, completely made in the company. Being sustainable for MY YOUR means, therefore, reinterpreting the concept of design as expression of form in a world context where the environment needs priority.

MY YOUR lavora da sempre in modo **sostenibile**, ponendo il focus sulla **trasparenza** e sulla rigida osservazione delle **leggi vigenti** in tutti i processi industriali (che avvengono interamente in azienda) e sullo smaltimento di ogni singolo scarto.

MY YOUR, attraverso la propria Ricerca e Sviluppo, crea **processi industriali** che sono in grado di soddisfare il mercato in termini di eccellenza qualitativa e di gestione dell'impatto ambientale.

Un esempio è **Poleasy®**, uno speciale polietilene messo a punto da MY YOUR in molti anni di ricerca, che elimina la maggior parte delle microporosità superficiali e della formazione di fessurazioni che si possono creare nel tempo sui prodotti o sui componenti in materia plastica. Questo processo permette, infatti, superfici più compatte e performance eccellenti in termini di durata, brillantezza dei colori e lavabilità.

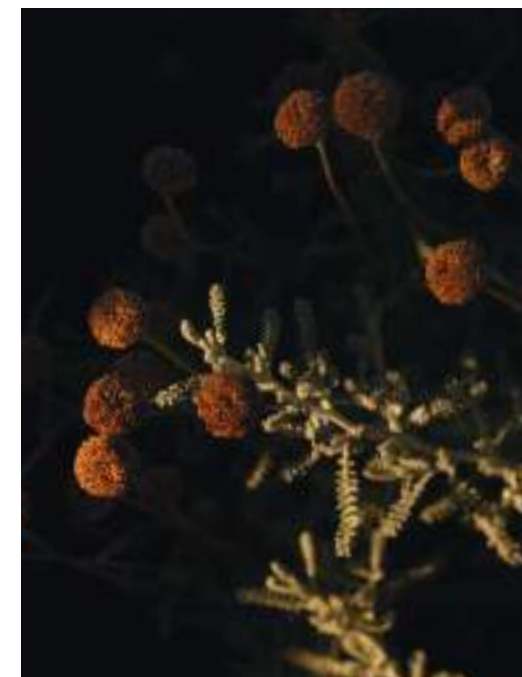

Poleasy® è **totalmente riciclabile**.

MY YOUR has always worked in a **sustainable way**, focusing on **transparency** and strict observation of the laws in force in all industrial processes (which take place entirely in the company) and on the disposal of every single waste.

MY YOUR, through its R&D, creates **industrial processes** that are able to satisfy the market in terms of quality excellence and environmental impact management.

An example is **Poleasy®**, a special polyethylene developed by MY YOUR in many years long research, which eliminates most of the surface microporosities and the formation of cracks that might be created over time on plastic products or components. This process allows, in fact, more compact surfaces and excellent performance in terms of durability, colour brilliance and washability.

Poleasy® is **totally recyclable**.

Le collaborazioni sono diverse e nascono dall'idea di prodotto che MY YOUR vuole creare, perciò studi famosi, nuovi progettisti e la Ricerca e Sviluppo interna all'azienda divengono espressione stessa dello stile del marchio. In breve, MY YOUR.

Piuma Collection

La comodità è il fulcro della collezione Piuma disegnata da Lanzavecchia Wai per MY YOUR. Piuma si decanta in divani, poltrone, pouf e tavolini dal design minimale, leggero e morbido. La struttura in alluminio sorregge l'imbottito, facendolo fluttuare nell'aria ed esaltandone i volumi. Il rivestimento in tessuto per esterni è disponibile in tre nuance con cuciture ribattute in evidenza. Piuma è progettato sia per resistere all'utilizzo prolungato in ambienti esterni grazie alla membrana osmotica, sia per creare un comfort aumentato, simulando un daybed, grazie al sistema reclinabile che permette di abbassare sia i braccioli che gli schienali. La natura modulare di Piuma permette di creare composizioni diverse e multiple, facilitandone l'inserimento in qualsiasi contesto.

Comfort is at the heart of the Piuma collection designed by Lanzavecchia Wai for MY YOUR. Piuma stands out in sofas, armchairs, poufs and tables with a minimal, thin and soft design. The aluminum structure supports the upholstery, making it float in the air and bringing out the volumes. The outdoor fabric cover is available in three shades with highlighted stitched seams. Piuma is designed both to prolonged use in outdoor environments thanks to the osmotic membrane, both to create an increased comfort, simulating a daybed, due to the reclining system that allows you to lower both the armrests and the backrests. Piuma Collection

Lanzavecchia Wai ha ideato Piuma Collection sul concetto di morbidezza e leggerezza unitamente al minimalismo del design. La scelta dell'alluminio come base strutturale del progetto si coniuga con la sostenibilità, in quanto questo materiale è totalmente riciclabile. La membrana osmotica conferisce resistenza agli agenti atmosferici mentre la reclinabilità di schienali e braccioli consente molteplici posizioni, fino a divenire quasi un daybed.

Lanzavecchia Wai has designed Piuma Collection on the softness and lightness, along with the minimalism of design. The aluminium choice as the structural basis of the project is combined with sustainability, as this material is totally recyclable. The osmotic membrane gives resistance to atmospheric agents while the backrests and armrests reclining system allows multiple positions until becoming almost a daybed.

Levante Collection

Atelier Femia progetta il tavolo allungabile Levante per MY YOUR con la collaborazione di Casalgrande Padana per il piano in doghe di gres porcellanato della collezione R-Evolution.

La gamba in alluminio, a sezione triangolare, e la ruota ivi inserita conferiscono eleganza funzionale e strutturale. Le doghe che compongono il piano si declinano in due palette cromatiche ispirate ai cieli estivi e alle terre del Mediterraneo, adattandosi perfettamente a qualsiasi contesto outdoor.

Atelier Femia designs the extending dining table Levante for MY YOUR in collaboration with Casalgrande Padana for the table top in stoneware slats from the R-Evolution collection.

The aluminium leg, with triangular section, and the wheel inserted in it give functional and structural elegance. The table top slats are in two color palettes inspired by the summer skies and the Mediterranean lands, adapting perfectly to any outdoor context.

Mare Collection

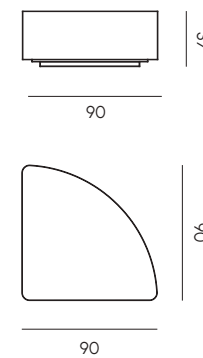

MARE è un sistema modulare di sedute in poliuretano, rivestite da una membrana idrorepellente e da numerosi tessuti SUNBRELLA. I basamenti, sostenuti e agganciati su piedini in alluminio pressofuso verniciato a polveri, sono realizzati con pannelli di ABS che evitano la deformazione dovuta all'umidità.

Gli stessi fungono anche da giunzione tra i diversi moduli. I cuscini, con le stesse caratteristiche tessili dei basamenti, sono disponibili in diverse forme, con e senza zavorra. Si consiglia l'utilizzo delle cover opzionali a protezione degli agenti atmosferici e una regolare pulizia per mantenere il prodotto in buone condizioni.

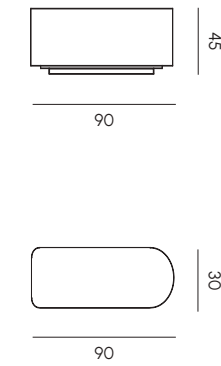

MARE is a modular system of seats in polyurethane, covered with a water-repellent membrane and numerous SUNBRELLA fabrics. The bases, supported and hooked on powder-coated die-cast aluminum feet, are made of ABS that prevent deformation due to moisture.

The same ones also act as a junction between the different modules. The cushions, with the same bases textile characteristics, are available in different shapes, with and without ballast. We recommend the use of optional weather protection covers and regular cleaning to keep the product in good condition.
