

Charlotte suspension

Suspension lamp with direct or indirect light. The chandelier is made of metal with six arms that support six adjustable lampshades as desired. The chandelier is available in the single black variant. The electric suspension cable is covered in black silk with a length of 2.5 m (98,43 in). Black metal ceiling rose.

Inspired by the Bauhaus current, the Charlotte collection offers geometries that are simplified to the maximum, almost abstract, easily legible with respect to space.
